PERSIAN POWER

Starting from the core

Data conversion| strong reliability | long lifespan

The chip has the following characteristics: compact: the chip size is small, the volume is small, and it can be flexibly installed in various electronic devise.Efficient: the chip has high computational and data processing capability, which can quickly complete complex calculations. High integration: the chip integrates multiple functions internally, which can reduce external components and improve device performance. Low power consumption: the chip consume low power and can run for a long time. Reliability: the chip undergoes strict quality control and has high reliability. Easy to replace and can be easily maintained and update.

PERSIAN POWER

Automatic gate opener

GATE OPENER: MODEL S

- Protection class: IP44
- Economic
- Manual release
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 250 W
- Maximum weight of gate: 300 Kg

GATE OPENER: MODEL U

- Protection class: IP44
- Manual release
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 280 W
- Maximum weight of gate: 380 Kg
- Ultra quiet, monotone motion, no hit

Automatic Gate opener

GATE OPENER: MODEL K

- Protection class: IP44
- Manual release
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 250 W
- Maximum weight of gate: 350 Kg

GATE OPENER: MODEL F5

- Protection class: IP44
- Release by switch
- High scurity
- Unlimited traffic
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 300 W
- Maximum weight of gate: 420 Kg

Automatic Gate opener

GATE OPENER: MODEL P4

- Protection class: IP44
- Manual release
- connected structure
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 280 W
- Maximum weight of gate: 400 Kg

GATE OPENER: MODEL D

- Protection class: IP44
- High scurity
- Energy efficient
- Release by switch
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 320 W
- Maximum weight of gate: 450 Kg

Automatic Gate opener

GATE OPENER: MODEL HERO

the biggest & powerful mechanical gate oppener

- Protection class: IP44
- Manual release
- Unlimited traffic
- high safety emegency
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 320 W
- Maximum weight of gate: 1000 Kg / 1 ton

Automatic Gate opener

Sliding gate opener:
Model 1000-1500-2000 Kg

- Protection class: IP44
- High scurity
- Manual release
- Power supply: 220 - 230 AC / 24 DC
- Motor power: 320 W
- Maximum weight of gate: 800-1300-1800 Kg
- Maximum length of gate: 5 - 7 - 10 m
